Hi, Josh-

My apologies about the call today! I had computer and email issues that took the tech group here a while to figure

| out. Anyway, I have an 8 hour HAZWOPER course tomorrow, but it ends at 4pm. Do you want to have a call tomorrow at 4:15pm? Or, Thursday morning. I'm open all of Thursday morning. I haven't received the updated schedule from Bruce yet, but I am expecting it today. I'll forward the updated schedule to you as soon as I receive it |
